

Tausif Ansari

Hyderabad | +91 8134992573 | ragtausif@gmail.com | linkedin.com/in/tausif-ansari-10nov2001 | github.com/Tausif786Ansari

Data Analyst | Data Science Enthusiast | Python | SQL | Power BI

Educations

Bachelor of Computer Applications (BCA) – Percentage: **82%**

Disha College, Raipur | 2021 – 2024

Relevant Coursework: Database Management, Python, Artificial Intelligence, Data Structures, Statistics

Technical Skills

- **Data Analysis:** Data Cleaning & Transformation, Exploratory Data Analysis (EDA), Statistical Analysis
- **Programming:** Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, BeautifulSoup, OpenCV), SQL (Joins, Aggregations, CTE, Window Functions)
- **Machine Learning:** Supervised & Unsupervised Learning, Predictive Modeling, AI Models
- **Data Visualization:** Dashboard Development, Reporting & Presenting Insights

Tools & Technologies

- Power BI, MS Excel (Pivot Tables, Charts, Lookups, Advanced Functions)
- Jupyter Notebook, Google Collab
- Git/GitHub, AI Tools (Productivity & Automation)

Soft Skills

Strong Communication & Confident Presentation, Problem-Solving & Critical Thinking, Leadership & Team Collaboration, Data-Driven Decision Making, Time Management & Adaptability

Experience

Data Science Trainee | Edulumos | Oct2025 – Present

- Hands-on experience in Python, Statistics, Excel, Data Visualization, and Machine Learning.

Projects

- **Calculator GUI (Python, Tkinter) | 08/2025**
Developed a desktop calculator with arithmetic & advanced functions using a grid-based Tkinter GUI layout.
- **Power BI Dashboard (Sales Insights) | 09/2025**
Built an interactive dashboard to track KPIs (Sales, Orders, YoY Growth) using DAX measures for dynamic reporting.
- **Language Translator Application (Python, Tkinter, Deep Translator) | 08–09/2025**
Created a translator app with text-to-speech & dark mode for improved usability and accessibility.
- **Animations in OpenCV (Python, OpenCV) | 10/2025**
Implemented dynamic animations using OpenCV, including moving shapes and interactive visual effects with randomized motion patterns.
- **Paint Application (Python, OpenCV) | 10/2025**
Developed a digital painting app with tools for drawing shapes, freehand sketching, color selection, and image saving functionality.
- **Energy Consumption Analysis (SQL) | 09/2025**
Analysed energy usage patterns and trends using SQL queries to provide actionable insights for optimization.
- **Global Sales Analysis (Power BI) | 09/2025**
Created a Power BI dashboard visualizing global sales trends, top-performing regions, product-wise revenue comparisons.
- **Motion Detection (Python, OpenCV) | 09/2025**
Created an OpenCV project which tracks any motion in a video frame.
- **Image Editor Application (Python, OpenCV, Streamlit) | 10/2025**
Streamlit Application to Perform Modification on a Image (contrast, Brightness, Hue, Saturation, Shadow, Temperature)

Certifications

1. Data Science Certification – Innomatics Research Lab | Apr 2025 – Present

- Coursework: Python, Statistics, SQL, PowerBI, Data Visualization, Machine Learning, Model Deployment.
- Hands-on projects in Data Cleaning, EDA, Predictive Modeling, and Dashboard Development.
